Passed the Assembly May 7, 2012

Chief Clerk of the Assembly

Passed the Senate June 28, 2012

Secretary of the Senate

This bill was received by the Governor this _____ day
of _____, 2012, at _____ o'clock ____M.

Private Secretary of the Governor

CHAPTER _____

An act to amend Section 23123.5 of the Vehicle Code, relating to vehicles.

LEGISLATIVE COUNSEL'S DIGEST

AB 1536, Miller. Vehicles: electronic wireless communications: prohibitions.

Existing law prohibits a person from driving a motor vehicle while using an electronic wireless communications device to write, send, or read a text-based communication, except as specified.

This bill would remove that prohibition if the person is using an electronic wireless communications device that is specifically designed and configured to allow voice-operated and hands-free operation to dictate, send, or listen to a text-based communication, and it is used in that manner while driving.

The people of the State of California do enact as follows:

SECTION 1. Section 23123.5 of the Vehicle Code is amended to read:

23123.5. (a) A person shall not drive a motor vehicle while using an electronic wireless communications device to write, send, or read a text-based communication, unless the electronic wireless communications device is specifically designed and configured to allow voice-operated and hands-free operation to dictate, send, or listen to a text-based communication, and it is used in that manner while driving.

(b) As used in this section “write, send, or read a text-based communication” means using an electronic wireless communications device to manually communicate with any person using a text-based communication, including, but not limited to, communications referred to as a text message, instant message, or electronic mail.

(c) For purposes of this section, a person shall not be deemed to be writing, reading, or sending a text-based communication if the person reads, selects, or enters a telephone number or name in an electronic wireless communications device for the purpose of

making or receiving a telephone call or if a person otherwise activates or deactivates a feature or function on an electronic wireless communications device.

(d) A violation of this section is an infraction punishable by a base fine of twenty dollars (\$20) for a first offense and fifty dollars (\$50) for each subsequent offense.

(e) This section does not apply to an emergency services professional using an electronic wireless communications device while operating an authorized emergency vehicle, as defined in Section 165, in the course and scope of his or her duties.

Approved _____, 2012

Governor
